

Instructions to Login to Your Student Chromebook

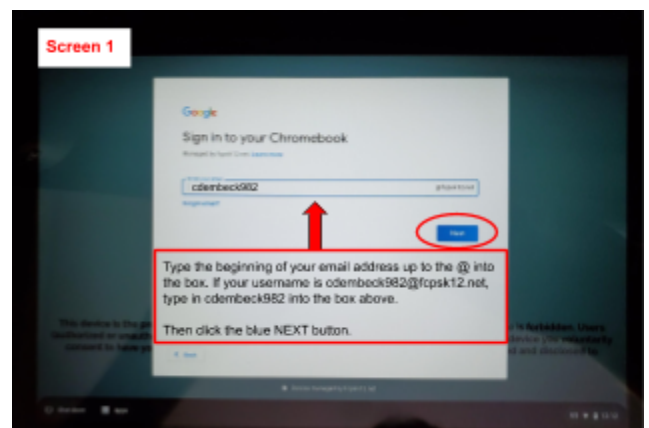

Open your charged Chromebook. It should power on. If not, press the power button in the top right corner. If prompted, choose your home WiFi network connection and enter your WiFi password. If you have problems logging on after following these instructions, please call our Tech Triage at **540-545-2434** during school hours.

There are three screens during the FCPS login process.

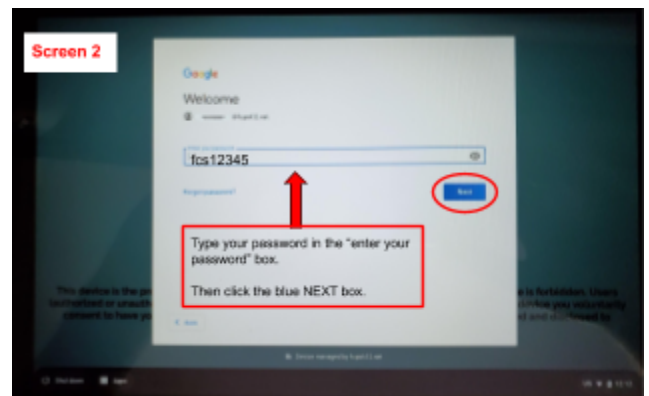

Example of full **email address**: cdembeck982@fcpsk12.net

Example of your **username**: cdembeck982

Screen 1. Type the beginning of your email address, which is your username, up to the @ into the “enter your email” box. Example: if your email address is cdembeck982@fcpsk12.net, type cdembeck982 into the box. Then click the blue NEXT button.

Screen 2: Type your password in the “enter your password” box. Your password is fcs and your lunch number (no uppercase letters and no spaces). Example: fcs12345. Then click the blue NEXT button.

Screen 3: This is the FCPS Single Sign On screen. Type the beginning of your email address up to the @ into the “username” box. Example: if your username is cdembeck982@fcpsk12.net, type cdembeck982 into the username box. Type your password in the “password” box. Your password is fcs and your lunch number (no uppercase letters and no spaces). Example: fcs12345. Then click the blue Login button. You should now be logged into your FCPS Chromebook.
